AV–QYZ0A–TE

July 20, 1996

Dear StorageWorks HSZ40–Series Array Controller Customer,

Thank you for your recent purchase of our StorageWorks HSZ4X-CA Array Controller Upgrade.

The HSZ4X–CA part number you purchased at a discounted price requires a mandatory return of the HSZ40-A*x*–Series controller the new controller is replacing.

Existing HSZ40-Series Array Controller Cache is reusable with the HSZ4X-CA upgrade package. You can retain any cache modules, part number 54–22910–01/02, for further use.

Please place the controller module in the original HSZ4X-CA packaging, apply the enclosed return labels and then ship the modules back to Digital at:

Digital Equipment Corporation
Attention: Returns Sort Center
Route 127
Dock Area DOO1
Contookcook, NH 03229-9210

RA#
DEC#
Package #_____ of _____

Failure to return the original HSZ40–Series controller module will generate an invoice for the value of the non-returned material.

If you have any questions or need assistance please contact your Digital sales representative or Digital distributor.

Sincerely,

JoAnn Schmitz

HSZ Controller Series Product Manager
