

## READ ME FIRST

Dear Customer,

The DECswitch 900EF Router you have purchased consists of the individually packaged components listed below. If any of these components are missing, call 1-800-332-7369 for replacement.

When you are configuring the DECswitch 900EF Router module in a DEChub 900 MultiSwitch, ensure that the DEChub 900 MultiSwitch firmware version is V4.1 or higher.

To speed device recovery in case of loss of software do the following steps:

1. Immediately after installation, backup the software image on load host.
2. Retain original CD-ROM software image to be reused for future loads.

The DECswitch 900EF MP Router product kit contains the following items:
