

Comece com um papel quadrado

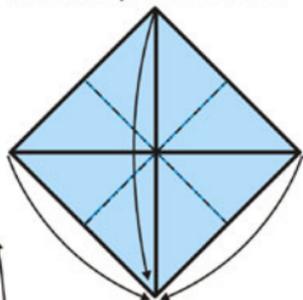

1. Faça vincos diagonais

2. Dobre todas as extremidades para frente

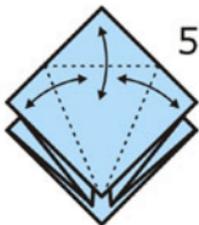

3. Dobre a extremidade superior para frente e as extremidades laterais para dentro

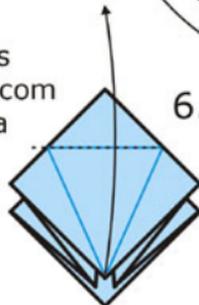

4.

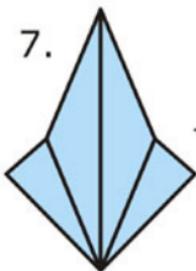

5. Faça vincos de acordo com o diagrama dos dois lados

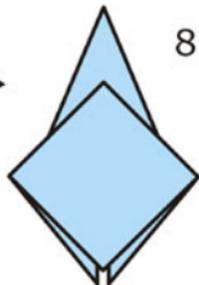

6. Dobre a extremidade inferior para cima e dobre as laterais para dentro

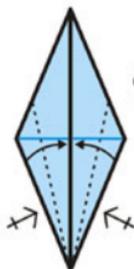

7.

8. Vire e repita o passo 6 deste lado

9. Dobre as laterais para dentro, faça o mesmo na parte de trás

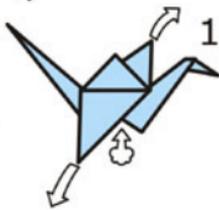

11. Dobre a ponta de uma das extremidades

10. Erga as extremidades inferiores para cima

12. Puxe as asas e sobre no orifício abaixo para inflar

Pronto!
